YMT I # UMT

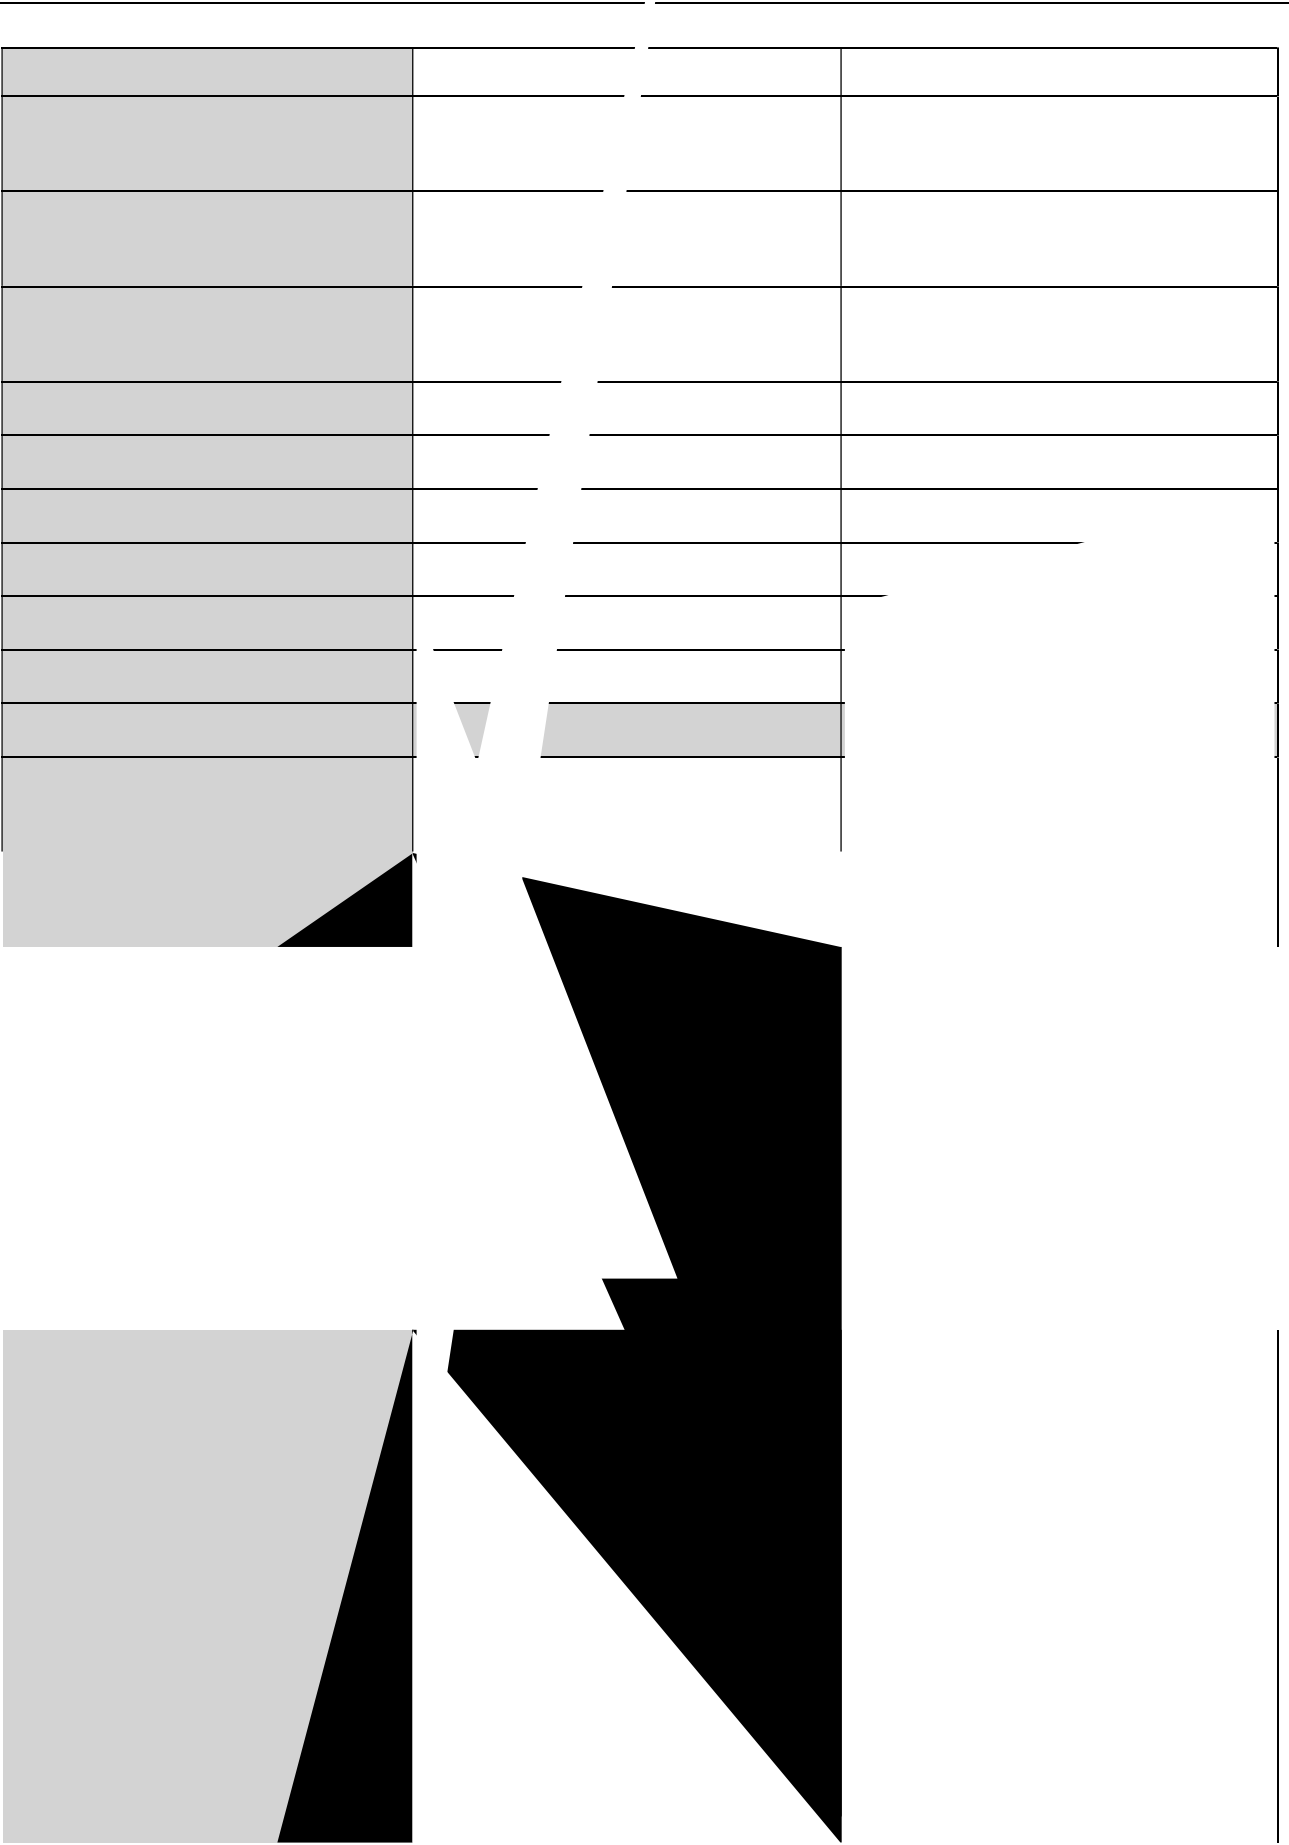

GÅ

[illegible]

An abstract geometric composition featuring a grid of squares. The leftmost column consists of five solid gray squares. The remaining columns are white. Overlaid on this grid are several large, overlapping geometric shapes: a large black triangle pointing right from the bottom left, a large gray triangle pointing right from the bottom left, and a large red triangle pointing right from the bottom right. These shapes overlap each other and the grid cells, creating a complex layered effect. The bottom edge of the composition is jagged, following the outlines of the overlapping shapes.
